

## **MediNotes adds over 1,700 users during first half of 2008**

*Healthcare Informatics 100 and TEPR Pediatric Awards recognize MediNotes as industry leader*

WEST DES MOINES, Iowa -- June 9, 2008 -- [MediNotes Corporation](#), a market leader in [electronic health records](#) (EHRs) with more than 23,000 users nationwide, announced 199 new software agreements with new and existing medical practice customers during the first six months of 2008. These organizations have selected the company's advanced EHR solutions, as well as new practice management (PM) capabilities, to enhance practice workflow and seamlessly integrate with existing software.

Additionally, MediNotes has been recognized as one of the Top 100 Healthcare IT Companies by Healthcare Informatics in its June 2008 edition. The 15th annual survey ranked companies based on their 2007 healthcare IT revenue. "MediNotes' continued growth is evidenced by strong industry adoption of our software and is reinforced by our second consecutive Top 100 annual ranking," acknowledged Donald G. Schoen, president and CEO of MediNotes. "The fact that MediNotes has expanded our product offerings in 2008, now providing an all-in-one EHR/PM integrated solution via MediNotes Clinician, is a promising indicator that this trend of success will continue."

Listed below are a few of the new and existing customers who signed software agreements during the first and second quarters of 2008:

Mille Lacs Health System, Onamia, Minn. – 34 total users  
Omaha (Neb.) Eye and Laser Institute – 47 total users  
Liberty Urgent Care, Middletown, Ohio - 15 total users  
Pediatric Family MD, Flushing, NY – 26 total users

MediNotes Clinician EHR/PM software was also awarded first place for the second consecutive year at the TEPR Pediatrics Award Sponsored by the American Academy of Pediatrics' (AAP) Council on Clinical Information Technology. The awards focused on disease management and functionality specified in the CCHIT certification from 2006 and 2007.

"MediNotes' steady growth and influx of industry recognition demonstrate both a high market demand and appreciation for our commitment to evolve with the needs of practices," continued Schoen. "MediNotes is proud to be recognized for our strength in the pediatrics specialty and we continue to enhance our software to address the unique circumstances of physicians in over 20 medical specialties."
